

FACT OR FICTION? TAKE THE QUIZ!

5) Marijuana is the most used illegal drug in the United States.

FACT!

Marijuana was the most commonly used illegal drug in 2013. There were 19.8 million past month users in 2013 (7.5 percent of those aged 12 or older.)

Although marijuana was the most abused illegal drug, 92.7 percent of those 12 years old and older *didn't* use marijuana. (Source: National Survey Drug Use and Health (NSDUH))

According to a national survey, close to only six percent of 12th graders reported daily use of marijuana (Monitoring the Future (MTF) Study, 2014)
